The Project for Construction of Skill Training Center for Vulnerable Youth

(Grant Assistance for Grass-roots Human Security Projects)

Country Antigua and Barbuda

Field Education

Grant Amount Up to 89,075 US dollars

Signing of Grant Contract March 29th, 2012

Recipient Antigua and Barbuda Waste Recycling Corporation

Project Site St. Peter, Antigua

Outline of the Project

The content of this project was to construct a new Skill Training Center which accommodates 2 rooms. One room is a new computer lab where students can learn basic and advanced IT skills and the other is a class room which will provide a great variety of training.

Upon completion of this project, vulnerable young people are able to count on proper class rooms for their trainings and as a result improve their working abilities and incomes.
