

## Antigua and Barbuda's Minister of Information, Communications Technologies, Utilities and Energy, the Honourable Melford Nicholas, Visits Fuji Tecom Inc.

On August 3, 2026, the Honourable Melford Nicholas, Minister of Information, Communication Technologies, Utilities and Energy of Antigua and Barbuda, visited FUJI TECOM INC. during his official visit to Japan, at the invitation of the Association for Promotion of International Cooperation (APIC). FUJI TECOM INC. is a leading provider of water leak detection solutions, specialising in leak detection equipment, water infrastructure management technologies, and comprehensive leak detection services.

During the visit, the delegation was introduced to FUJI TECOM INC.'s latest technologies and products, including advanced leak detection equipment and cloud-based IoT remote monitoring systems. The visit provided an opportunity for both parties to exchange views on the application of these technologies to enhance water utility services in Antigua and Barbuda, as well as to support the development and maintenance of more efficient and sustainable water infrastructure.
